What do we mean by
RAKAN

In Arabic folk tales, we read about an imaginary character created by the tellers story that RAKAN had been an adventurous man who used to find the jewels and pearls by diving down beneath deep waters of sea. So, same is the theme which we've applied here in our institution. As that man used to find on cealed and hidden pearls in the depths, we aim to vet the students and then explore their hidden pearls of qualities and capacities.

OUR VISION

CREATIVITY

Set up learning activities that allow students to explore their creativity in relevant, interesting, and worthwhile ways.

DEVELOPMENT

Ensure inclusive and equitable quality education and promote lifelong learning for all.

SOLUTION

Solution seeking activities are real source of learning. It keeps the mind fertile and grow really with modern age challenges of the world.

INNOVATION

Seeking knowledge that will support modern ideas in techniques for the students in effective ways.

PERFORMANCE

Keep an eye on students mental and academic growth through assessments is much needed for best analysis of students outcome.

LEADERSHIP

Leaders are not born they are made. We believe in students' power to live an enlightened life, to be a source of positive change and to leave a legacy

IMAGINATION

Exploring the minds to create new inventions through powerful imaginations is our basic educational technique.

SUCCESS

Every child is a born champion. We just have to bring best of him, explore his potential to make him real champion through power of effective learning.
